INCIDENT vs. RESPONSE

If you have a release or a threatened release of hazardous materials and require emergency response, call 911. If you have a release or threatened release that is not an emergency as described here, then 911 can be omitted; go to the Notification requirement below.

Person responsible for calling 911:

A hazardous materials **Incident** is a spill or release that can be absorbed, neutralized or otherwise controlled at the time of release; and can be controlled by the employees in the immediate work area or by maintenance personnel without exposure or health & safety hazards.

A hazardous material **Response** requires a response effort by employees from outside the immediate release area, or by other designated responders (e.g. fire dept), to an occurrence that results, or is likely to result, in an uncontrolled release of a hazardous substance.

NOTIFICATION

Both **Incidents** and **Responses** are considered releases/spills for the purpose of notification. Your business shall provide an immediate, verbal report of any release or threatened release of a hazardous material to the Administering Agency and State OES as soon as: 1) a person has knowledge of the release or threatened release; and 2) notification can be provided without impeding immediate control of the release or threatened release. Those numbers are:

State Office of Emergency Services (OES): (800) 852-7550 or (916) 845-8911

Orange County CUPA (714) 667-3600

Person responsible for calling CUPA and OES:

WHEN COMPLETING SECTIONS BELOW USE ADDITIONAL PAGES OR ATTACHEMENTS AS NEEDED

1. Identify the local emergency medical facility that will be used by your business in the event of an accident or injury caused by a release or threatened release of hazardous materials:

Hospital/Clinic			
Address	City	Zip Code	Phone Number () -

2. Does your business have an on-site emergency response team? ☐ Yes ☐ No
List Names & Titles of each person on response team.

3. Describe your business's procedures in the event of a release or threatened release of hazardous materials. Include all activities for the mitigation, prevention, or abatement of hazards to persons, property, or the environment such as:
- a) Actions taken to prevent a release from occurring.
 - b) Actions or equipment to prevent a release from spreading.
 - c) Actions for stopping a release.
 - d) Methods for clean up and disposal of released materials.
- Include attachments as necessary

This image shows a blank sheet of white paper with horizontal ruling lines. The lines are evenly spaced and extend across the width of the page. There are no margins, text, or other markings on the paper.
